**Subject: Infrastructure Ontario Project Delivery – Training Course**

Dear Jerry,

I am writing to express my gratitude for the three-day training program facilitated in August 2025, focusing on developing proactive knowledge, refining skills and providing key tips for addressing common project issues and risks specific to CCDC delivery models.

The course was well received by the attendees who highlighted the value in the content. They are now actively applying this knowledge across our portfolio which was the main reason for arranging the training.

I look forward to working with KGC on future training courses, repeating and refining the course we have already received and/or expanding our training with additional topics/needs.

Kind regards,
